DEUS CARITAS EST

God Is Love

BENEDICT XVI

First Encyclical of Benedict XVI

Our First Study

This Encyclical is Divided into Two Long Parts

The first, entitled, "The Unity of Love in Creation and in Salvation History," presents a theological- philosophical reflection on "love" in its various dimensions - "eros," "philia," and "agape" - highlighting certain vital aspects of God's love for man and the inherent links that such love has with human love.

The second part, entitled "The Practice of Love by the Church as a 'Community of Love'," concerns the concrete implementation of the commandment to love others. Along with State and political factions, the Church is challenged in balancing age-old concerns for the ministry of charity and social justice, soliciting the need for mature dialogue and the desire for laity participation and representation.

"He who does not love does not know God; for God is love." 1 John 4:8
